THERE IS NO COST ASSOCIATED WITH ORDERING THE FOLLOWING RESOURCES

The 25/20 'Order' is both a minimum quantity for one distribution and a maximum quantity for one month. This has become necessary to reduce the cost to Bikewest of numerous small distributions and to ensure that large orders do not deplete publications faster than the stock control system and budget limits can replace them. Should your organisation require more than the 25/20 limit, please negotiate this with Bikewest (9216 8313)
